EXPERIENCE

APP DEVELOPER

Fayette County Public Schools | 2021

- Created a cross platform application for Fayette county's Student Support Professional Institute (SSPI) to promote districtwide initiatives.
- Published the SSPI application as a mechanism to facilitate the SSPI district wide conference for medical health professionals.

SUPERINTENDENT APPRENTICE

Fayette County Public Schools | 2020

- Collaborated with Superintendent's Cabinet and Lexington Health Department to build a mobile application to inform stakeholders about COVID-19.
- Developed the 5 star public safety FPCS KY Matrix app, which is available on Google Play and Apple App Store.

BEHAVIOR RESEARCHER FELLOW

Centre College | 2019

- Programmed a cognitive test using Inquisit software for a psychological study which assessed delayed response time in correlation to mobile device distractions.
- Analyzed and presented empirical data about User Experience (UX).

COMPUTER SCIENCE TEACHING FELLOW

Uncommon Schools | 2018

- Curated 10 weeks of various lessons, effectively teaching the fundamentals of computer science resulting in 100 percent of students passing on the final exam.
